Dear Jon,

This year's Hackers Conference is less than three weeks away. In past years we've been fortunate to receive grants from The Point Foundation to help us make ends meet and to allow the conference to take place. I hope that this year will be no different.

So far we've received requests for sixteen scholarships, although we may receive more. The regular registration fee is $420 with an early registration fee of $320. We would like to provide all of the scholarships requested, but do not have the funds to do so. I am hoping that The Point Foundation will once again provide financial assistance by granting us the funds for these scholarship requests. Whatever financial assistance you can provide will be most appreciated.

I look forward to your continued assistance. Since virtually all of our costs have to be paid by the time the conference begins, I hope that you will be able to help us before then.

Thanks in advance.

Sincerely,

Glenn S. Tenney
